# DEVIL IN THE WHITE CITY

Location is everything

Chicago Street Railways 1893

- Horse powered street railways
- Cable cars
- Electric Streetcars

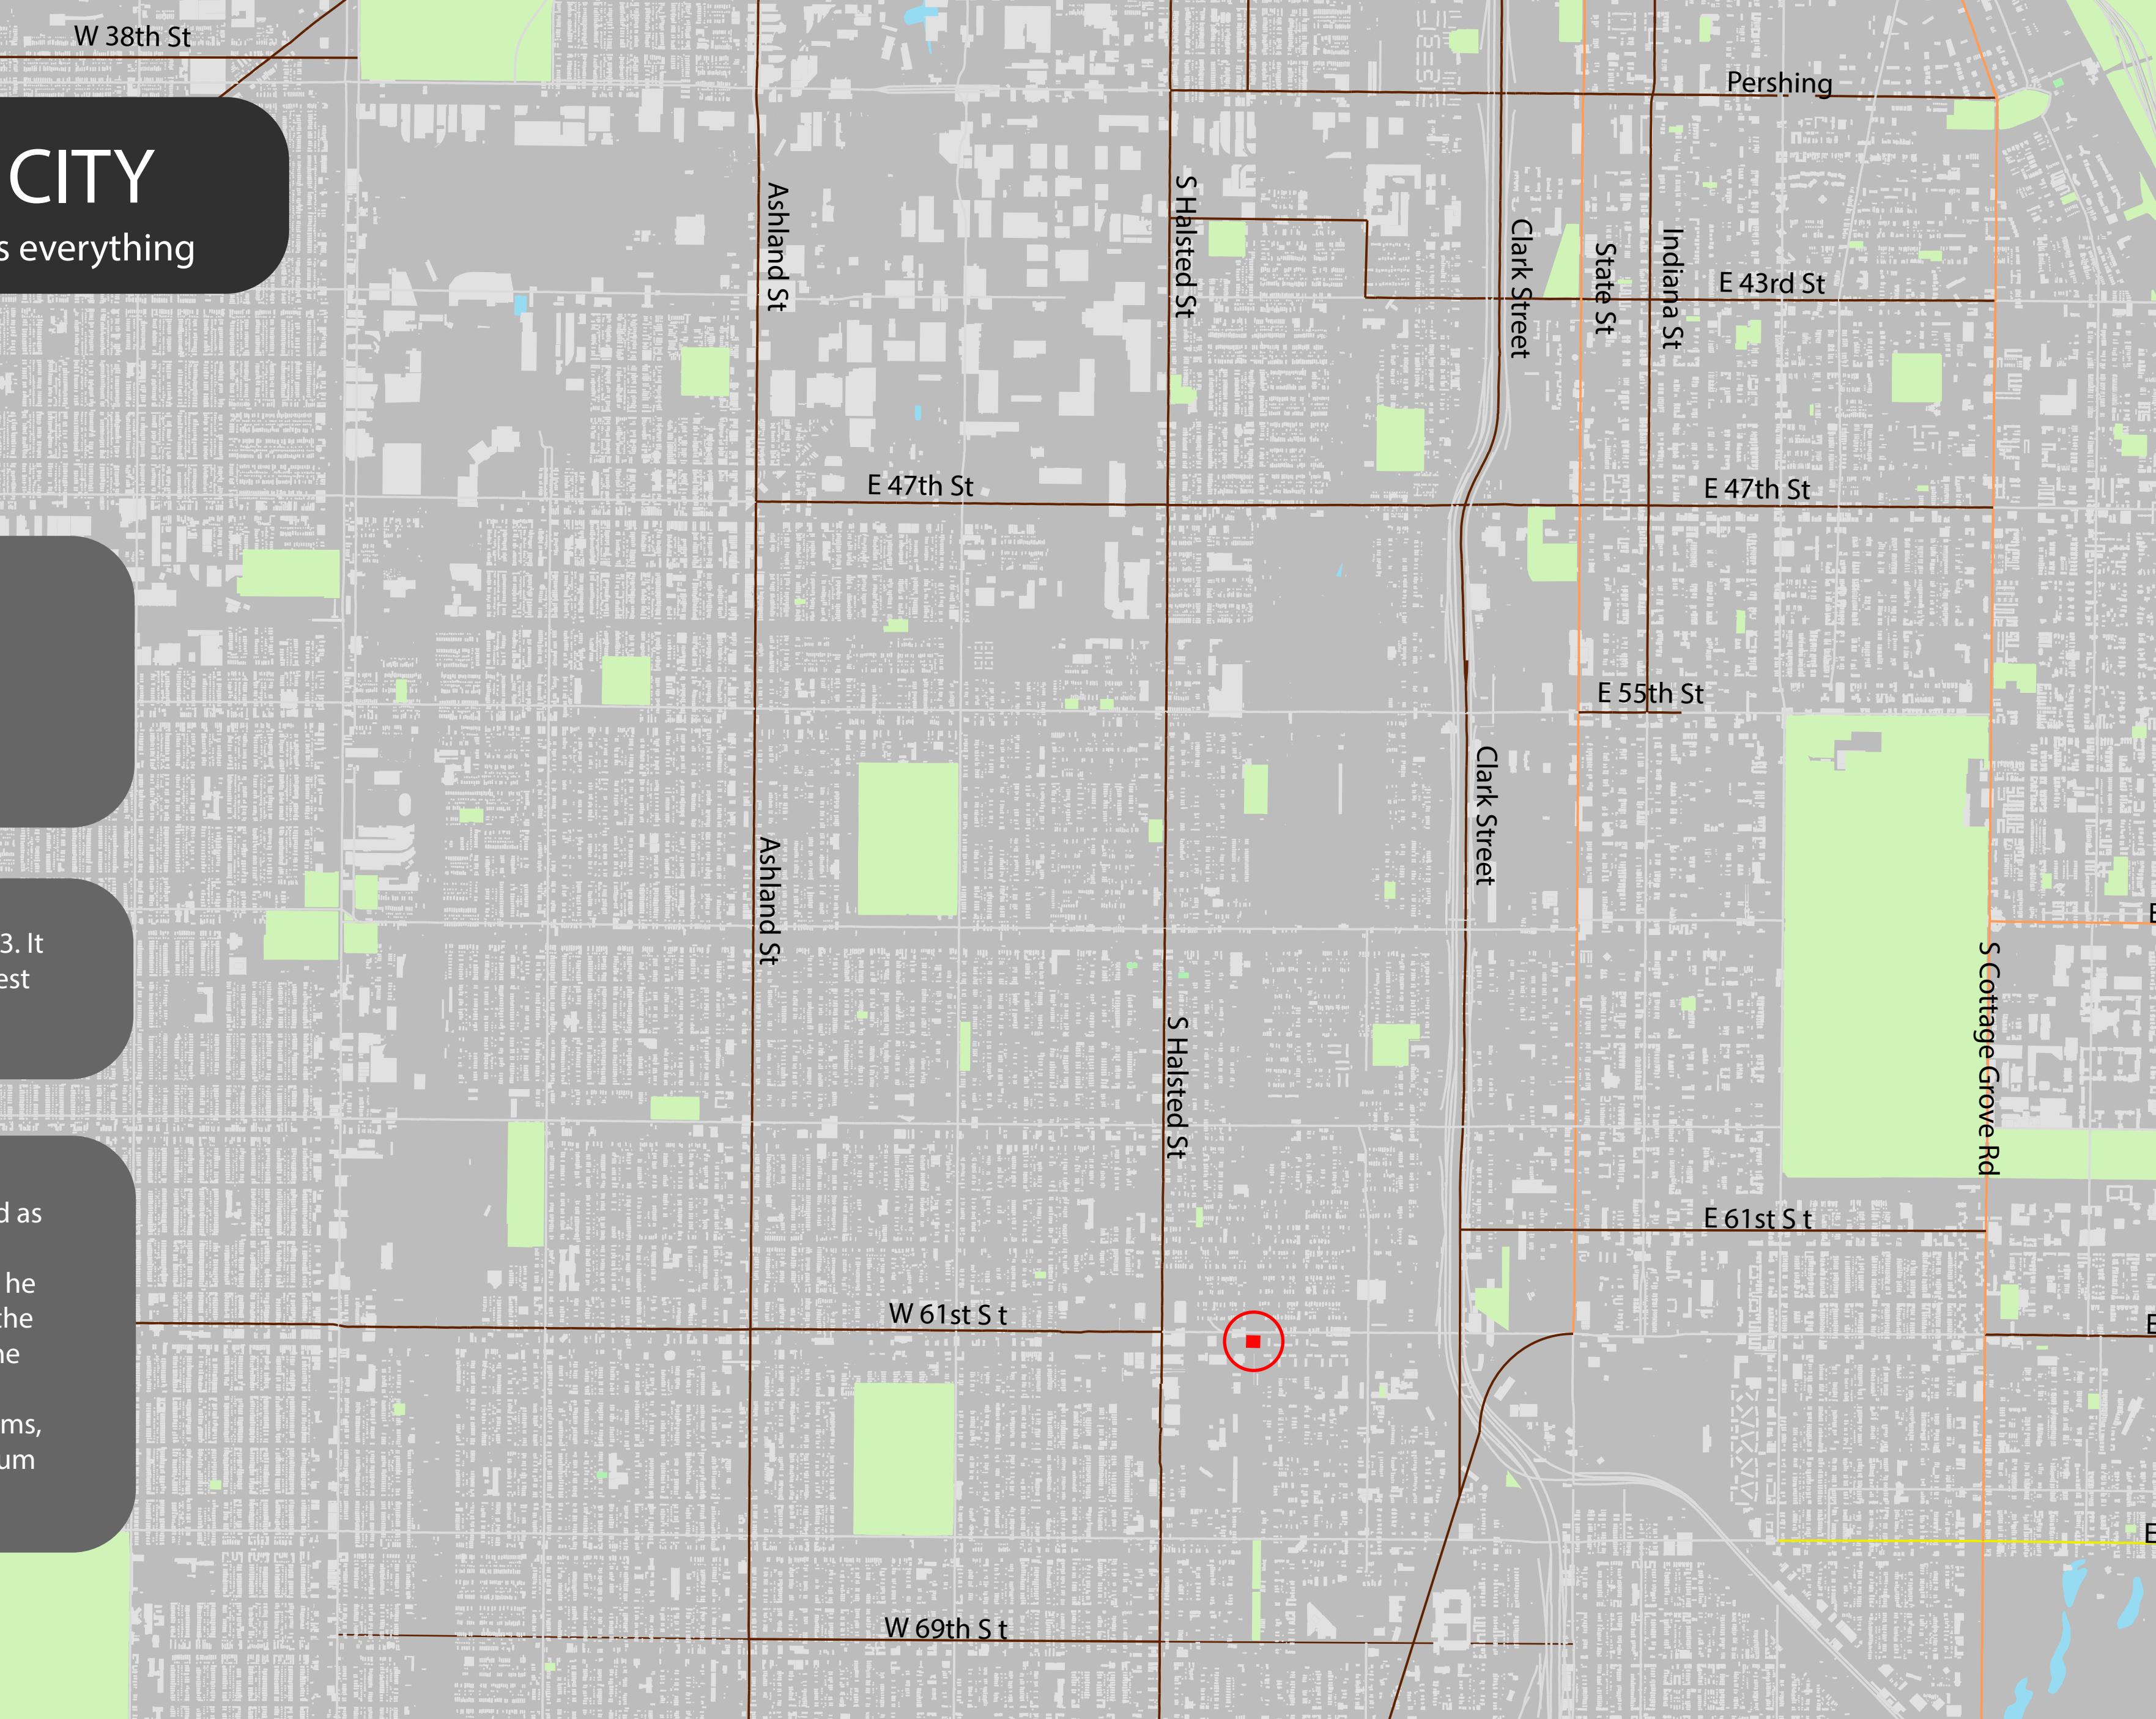

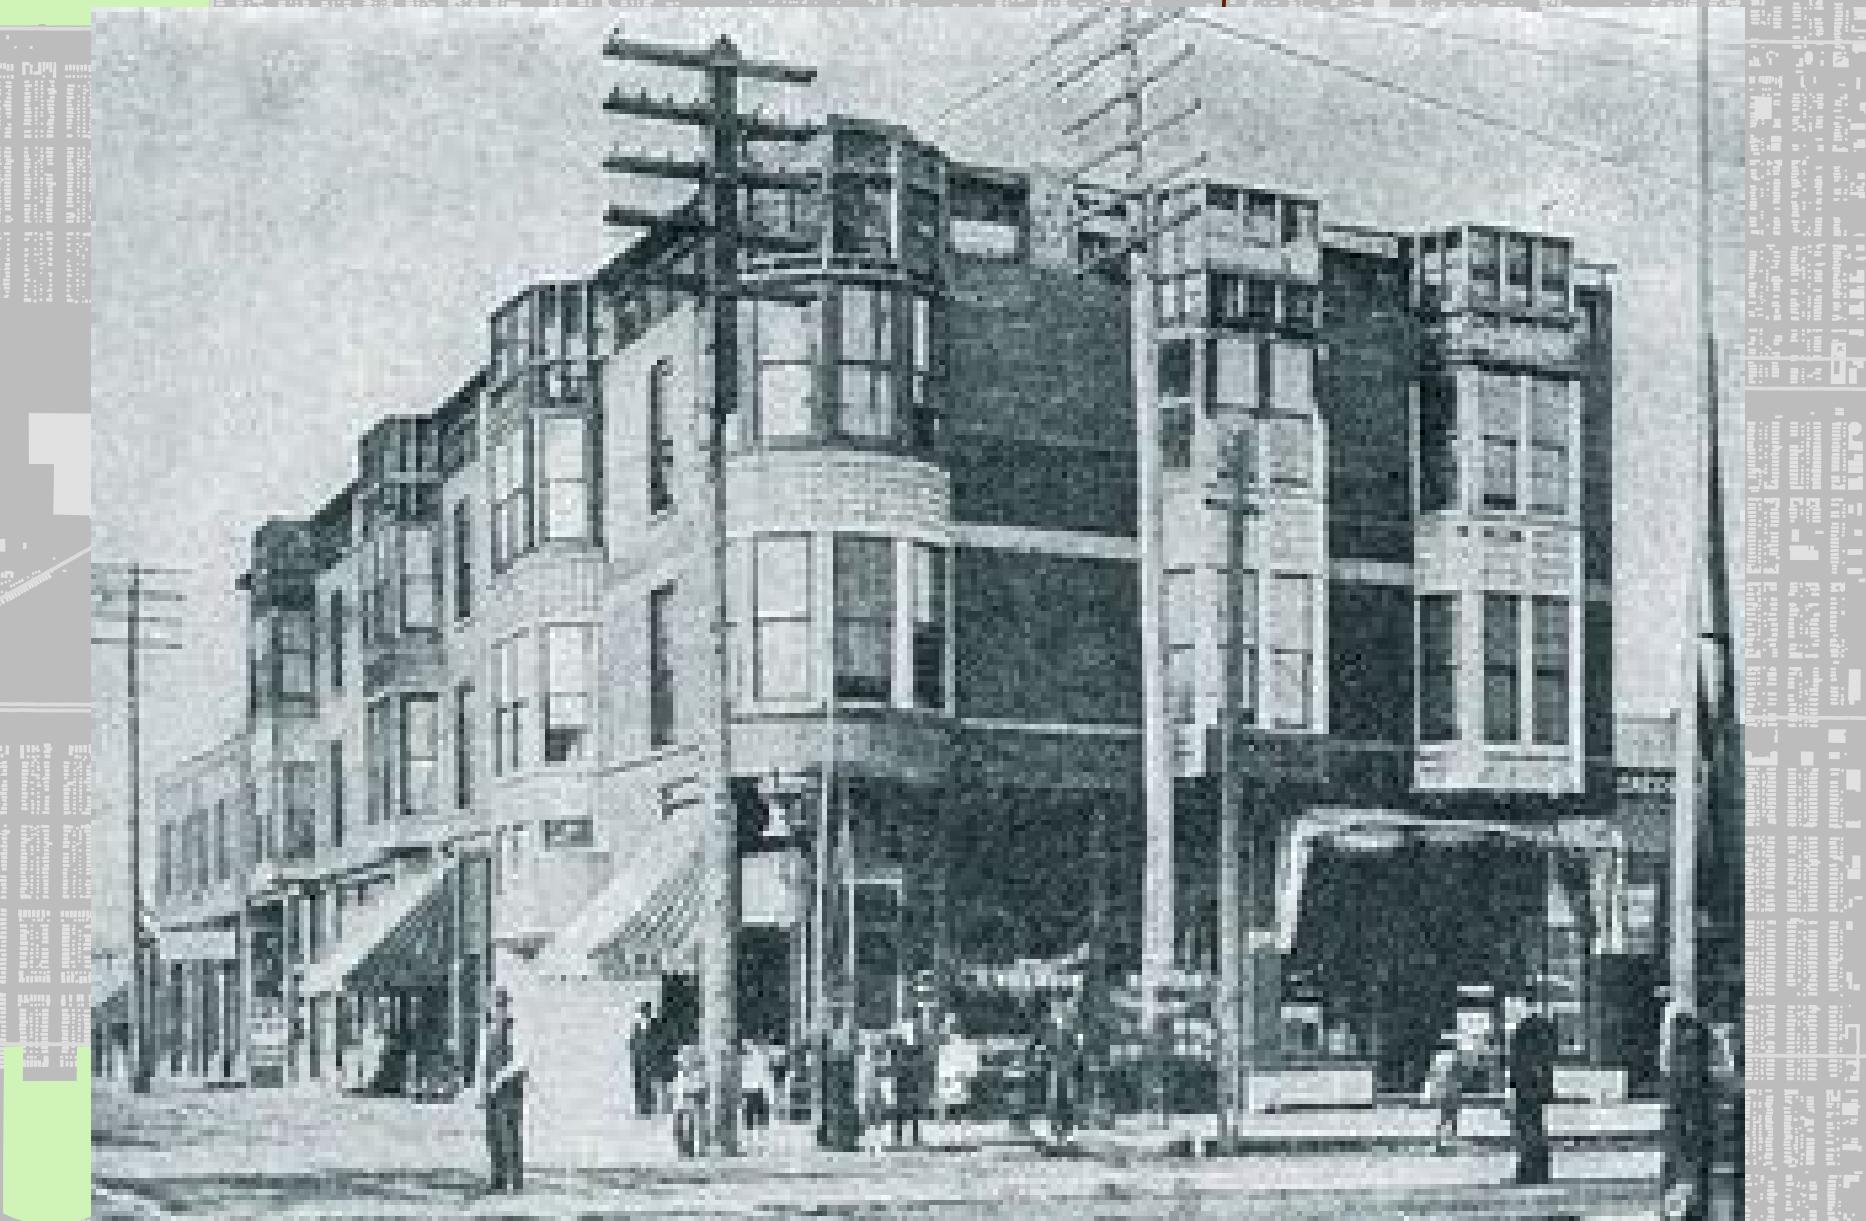

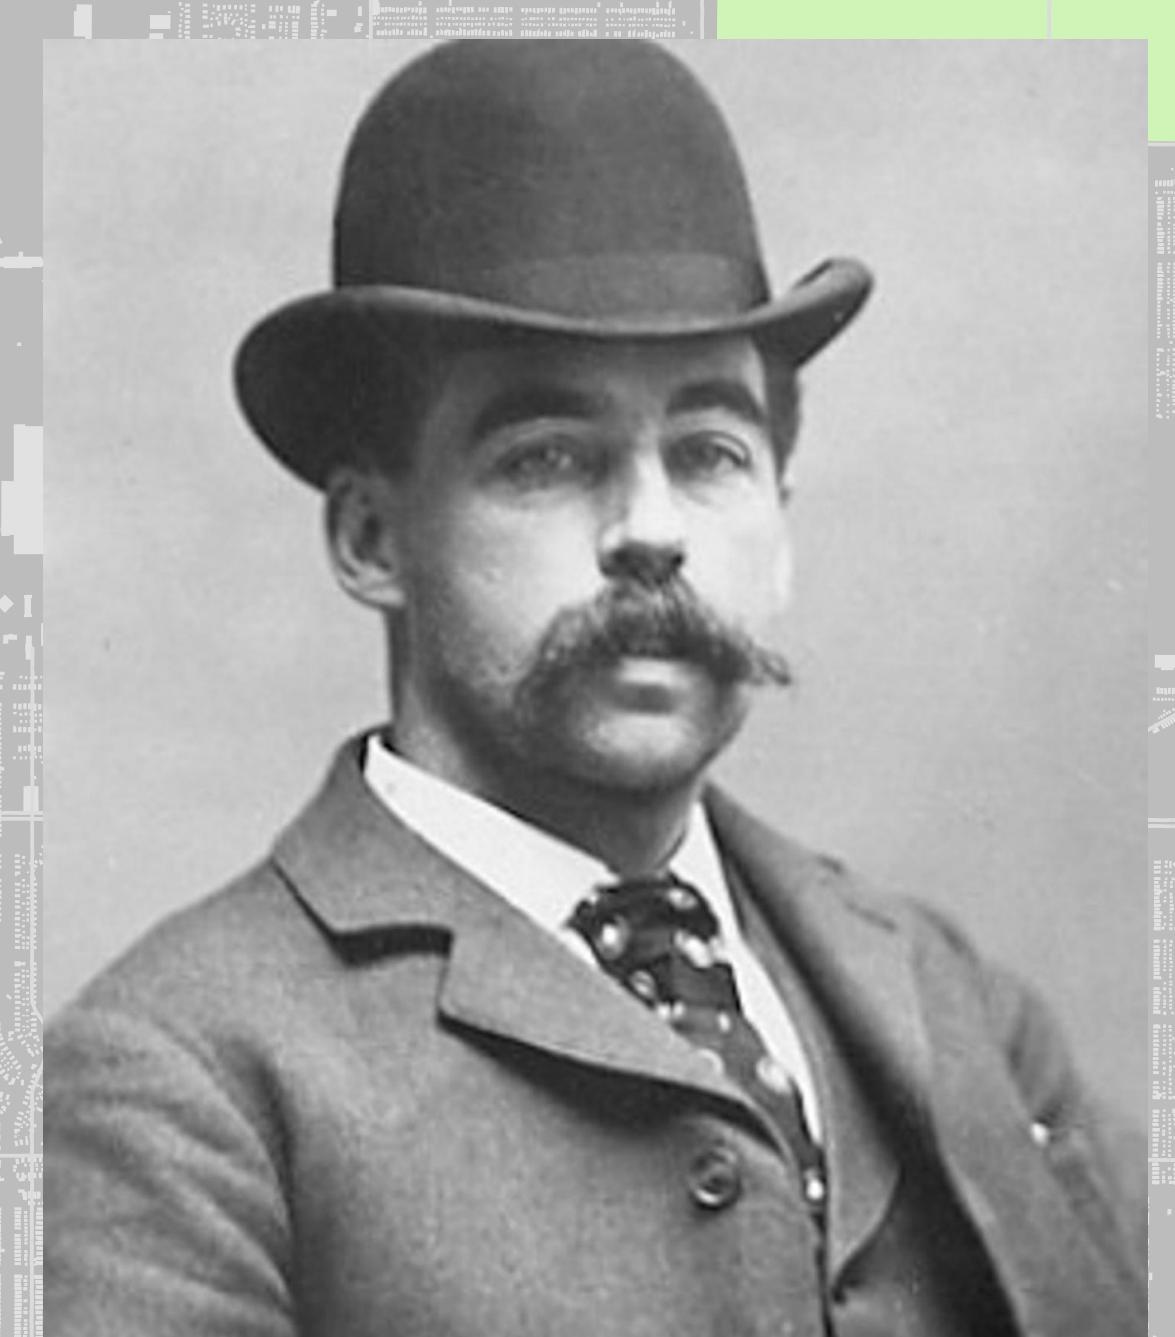

The Columbian Exhibition World's Fair started in 1893. It was fine tuned and was evolving to the world's largest street car system.

H. H. Holmes (Dr. Henry Holmes)

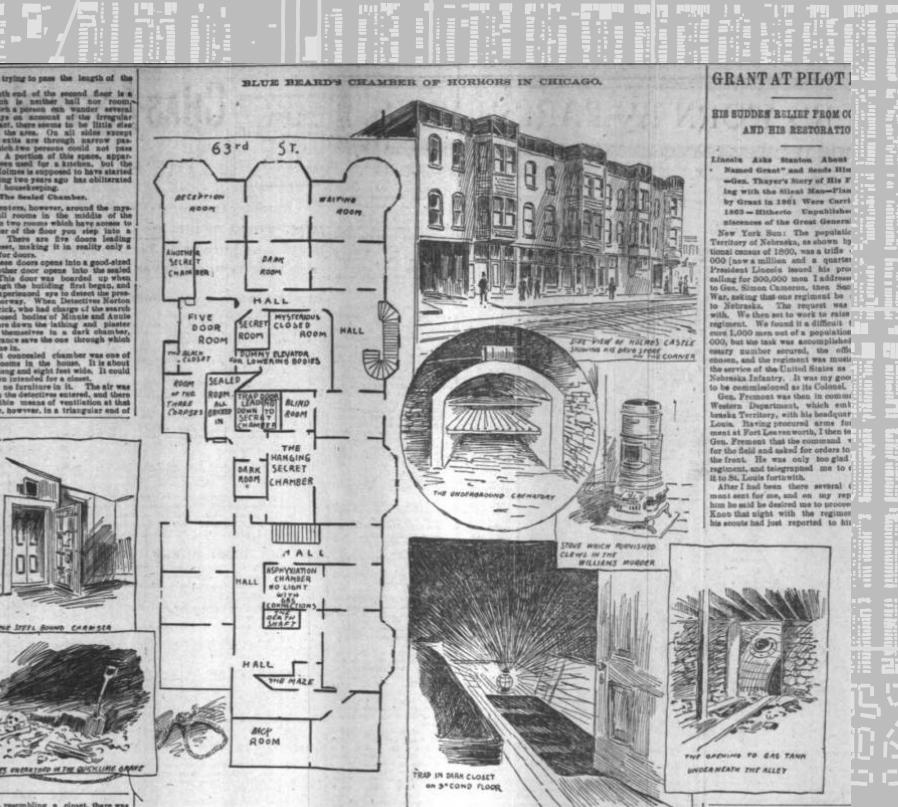

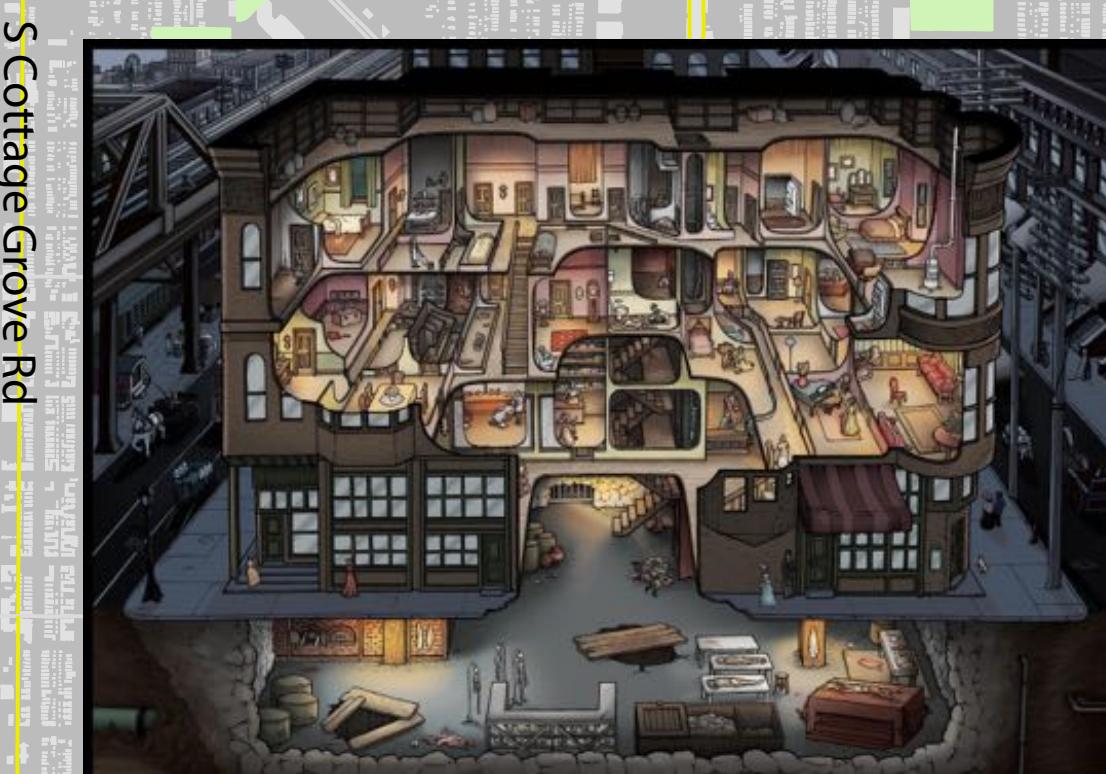

He confessed to 27 murders, but claims to have killed as many as 200.

He arrived in Chicago August 1886 and worked until he could buy the store. He bought an empty lot across the drugstore and started to build a building that became known as the "Murder Castle."

There were hidden rooms, mazes, soundproofed rooms, chutes that go to the basement, acid vats, crematorium and much more.
